Description

Cuba Prestige Platinum Men is a Woody Aromatic fragrance for men. Top notes are Bergamot and Lavender; middle note is Floral Notes; base notes are Patchouli and Oakmoss. Cuba Prestige Platinum smells fairly light, fresh, aquatic, quite floral, and a tad fruity. It sits close to the skin, and projects pretty much like any other Cuba fragrance. But for €7 on an expensive day, you can overspray until the cows come home. I'd suggest this one if you want something nice and light to spray on.

CUBA PRESTIGE PLATINUM is a woody aromatic fragrance crafted by CUBA PRESTIGE for the man who refuses traditional codes and standards. This special perfume combines the freshness of citrus notes and the strength of woody scent. Top notes are Bergamot, Grapefruit, lemon, Apple and Tangerine.

Cuba Paris is a brand which produces a line of very inexpensive fragrances for both men and women. Now, for most brands that this describes, their products aren't usually any good. However, Cuba seems to be able to produce men's colognes with a good quality. Not elite, but much better than many other cheapies.

What is a Perfume Tester ?

Testers are the same original fragrances that you find in full size perfume bottles.

Testers may come in a variety of sizes and forms of packaging - some come with simple white or brown boxes with or without a cap and may be labeled "Demonstration" or "Tester"

the quality of the perfumes themselves are not affected at all and are the same as the one in retail fancy boxes.

All testers are sold unused, with the entire original quantity in the container.
