Two Fragrances for Every Occasion: Day and Night

The **MotoGP UK Station Eau de Parfum** is designed to fit every part of your day, whether you're out on a morning ride or enjoying a late-night gathering with friends. The perfume comes in two formulations:

- **Front Wheel (30 ml):** A fragrance that embodies the rush of adrenaline. The **top notes** of **aldehydes**, **mandarin**, and refreshing **water notes** evoke the cool breeze as you speed down the highway. The **heart notes** of **vanilla** and **tonka bean** offer a warm and inviting touch, while the **base notes** of **musk**, **amber**, **neroli**, and **cedar** create a deep, lasting impression of masculinity and elegance. Ideal for daytime wear, this fragrance is fresh and sophisticated, ready to take on any challenge.
- **Rear Wheel (50 ml):** Perfect for evening adventures, this fragrance starts with the calming freshness of **lavender** and the earthy, smoky notes of **birch** in the **head**. The delicate **violet** heart notes provide a soft, floral complexity, while the **base notes** of **woody notes** and **musk** bring depth and an enduring strength. A bold and refined scent, the **Rear Wheel** is perfect for when the sun sets, and the night is filled with promise.

An Innovative Design for Motorcycle Lovers

Taking inspiration from the world of motorcycles, the **MotoGP UK Station** perfume is presented in an innovative design. Both bottles are shaped like motorcycle wheels, with the **Front Wheel** containing 30 ml and the **Rear Wheel** holding 50 ml of Eau de Parfum. This unique packaging is a tribute to the sport, making the perfume not only a fragrance but also a collector's item. For the passionate motorcyclist, this is more than just a scent—it's a piece of motorcycle culture.
